

Paisley Agricultural Society 2009-2010 Ambassador

Fawn Meyer

Welcome friends and exhibitors to the 2010 Paisley Fall Fair! It has been a privilege and an honour to represent the small, but mighty Paisley Agricultural Society in 2009/2010. The experiences I have acquired over my time as Ambassador have been unforgettable. Throughout my time as ambassador I have competed in our own ambassador competition, participated at our fair, attended district 10 meetings, and recently the chance to attend the OAAS convention in Toronto where I had the pleasure of meeting several other ambassadors who, like myself, were proud to have the opportunity to represent their home town, and yes some of them came from even smaller towns than our dear old Paisley.

The sense of pride I feel for my home town wherever I go has been overwhelming. Everywhere I go I want to make people aware of how great Paisley really is. I have developed such an admiration for this strong agricultural community and being ambassador has given me an experience which I will never forget.

Finally I would like to thank the Paisley Agricultural Society for making this experience possible and I would like to wish all the contestant's for this year the best of luck. See you all at the fair!

Thanks so much!

Fawn Meyer
